

# Clean Energy Investment Map (DOE)

Interactive tracker of clean energy manufacturing investments and jobs (IRA/BIL). Filter by technology (batteries, EVs, solar, hydrogen) and by state; download data.

How to use:

- Open the map -> use the left panel to filter by Technology and Category.
- Use Search or click a state to see announced projects, jobs, and investment totals.
- Use the Download link for the full dataset; see Methodology/FAQ for details.

Last update noted by DOE: 01-15-25
