

Michigan's EV Ecosystem (OFME)

Michigan Economic Development Corporation - Office of Future Mobility & Electrification

How to use:

Open the page to explore Michigan's EV and mobility ecosystem, featuring OFME, SmartZones, Newlab at Michigan Central, Plug and Play Detroit, and U-M Detroit Center for Innovation. Includes stats on 500+ miles of V2I roadway, 120 miles of smart corridors, 6,000 ITS devices, charging build-out plans, and one-third of U.S. battery production and development located in Michigan.
